### **DETAILED ACTION**

This Office Action is responsive to the Applicants' Request for Continued Examination (RCE) filed on 11/09/2006. In virtue of this request, claims 1-13 are currently presented in the instant application.

#### ***Request for Continued Examination Entry***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114.

Applicant's submission filed on 11/09/2006 has been entered.

#### ***Information Disclosure Statement***

2. The information disclosure statement (IDS) submitted on 11/09/2006 is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

#### ***Allowable Subject Matter***

3. Claims 1-13 are allowed.

#### ***Reasons for Allowance***

4. The following is an examiner's statement of reasons for allowance:

In addition to the effect of the terminal disclaimer filed on March 29, 2006, prior art fails to disclose or fairly suggest a transmission secondary electron emitter which emits secondary electrons generated by the incidence of primary electrons comprising a voltage applying means

Art Unit: 2821

for applying a predetermined voltage between the surfaces of the incidence and the emission of the secondary electron emitting layer, wherein the voltage applying means includes a first electrode formed on the side of the surface of the incidence and a second electrode formed on the side of the surface of the emission for applying the predetermined voltage to form an electric field in the secondary electron emitting layer for accelerating the secondary electrons in the direction to the surface of the emission, in combination with the remaining claimed limitations as called for in independent claim 1 (claims 2-13 are allowed since they are dependent on claim 1).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
